Dear Ms. Delgado,

This is in response to your letter to Commander Walker of 1 June 1979 concerning release of information from the military personnel record of former Lieutenant L. Ron Hubbard, USNR.

As you requested, a copy of a request for record information by the California Department of Justice is attached along with the response provided. In this case, it appears that the inquiry was referred to the National Personnel Records Center in St. Louis, Missouri since the response was originated at that activity. Such referral is normal procedure since the inquiry involved a record that had been retired to that activity.

The information that was released is considered releasable as public information with the exception of information concerning military offenses and resulting disciplinary action, and records of psychiatric treatment. However, since there was no record of these subjects contained within Mr. Hubbard's record, no inpropriety is considered to have occurred in responding to the negative. The reason for the inquiry is unknown.

It is a pleasure to be of service to you.

Sincerely,

J. F. MAHAFFEY
