

Letter from the Executive Director

Hello! Welcome to 2007! Jeff Avrin here, Executive Director of Mace-Kingsley. 2007 is a *very* exciting year for us. We're taking the organizational steps necessary to vastly expand our delivery to you and your family, and in keeping with this, we've drafted a new Admin Scale. All of us are totally behind assisting you to get your family into POWER!

I want to share this with you.

MACE-KINGSLEY ADMIN SCALE 2007

GOALS:

1. Our goal is a sane new generation of youth that will lead Earth out of its current enturbulated state and establish the civilization LRH speaks of in *The Aims of Scientology*.

"A civilization without insanity, without criminals and without war, where the able can prosper and honest beings can have rights, and where man is free to rise to greater heights, are the aims of Scientology."

—L. Ron Hubbard

2. Sane families worldwide who are moving up 'The Bridge'® to Total Freedom.

PURPOSES:

1. To get LRH™ tech for marriage, children and families known and in use internationally.
2. To ensure children are raised with and fully trained in LRH tech and are gotten up The Bridge in preparation for taking on their hats in life, as contributing members of society.
3. To provide an enduring facility where Scientologists returning to each new life can come as children and know they will get 100% Standard Tech™ applied at the correct gradient.
4. To provide Scientology internationally with dedicated, young Scientologists who are ready to take their place in orgs, missions or other sector staff.
5. To have fun while going free and helping others to go free.

There you go. We're on fire to make it happen. Please write me and let me know what you think; it's important to me that we're fully aligned with what YOU need and want.

Our kids are the future of this planet. Let's have them in the best shape they can be and fully aligned to LRH tech.

Much love,

Jeff Avrin

"Save the child and you save the nation.

"If, in the course of the next fifteen years, Scientologists were to specialize in the Group Processing of children, it might well follow that all of the goals of Scientology would thereby be realized. Thus, by processing children between the ages of six and ten, we would achieve in fifteen years a sanity and alertness never before obtained in that portion of the populace between the ages of twenty-one and twenty-six, the age bracket which contains the energy and influence most strikingly felt by a civilization.

"Child Scientology could very well be, in terms of practice, the most important single field of endeavor in the science.
