Re: L Ron Hubbard files.

Dear Cmdr. Walker,

I want to thank you for the help you have been thus far with requests for documents and other information regarding Mr. Hubbard's files.

There is one other matter which has come up that I am looking into and again I find that I need your assistance.

The files you released (which I have passed on to Mr. Hubbard) disclosed a request for information from the California Dept. of Justice and I believe subsequent disclosure of some files by your office to them. We are concerned with these disclosures and I wish to clear up a few things with you about them.

First, I would like to obtain copies of these specific documents starting with the August 1976 request from the California Dept. of Justice, Dept. of Law Enforcement. I would like copies of your replies, as well as an accounting of what information, if any, was turned over to them.

Additionally, I would like to know why any information was turned over to them, that is, what was the reasoning and authority relied upon by your office at the time. Also, if you or anyone in your office had contact with the California agency, maybe you could tell me why they made the request and what it was they were after.

Please let me know if any additional information is needed from me. I have not enclosed a copy of the Power of Attorney as after all our dealings, I did not deem it necessary at this time. I will however, be happy to once again supply you with a copy of it should you need it.

Thank you for your time and help with this matter.

Sincerely,

Ms. Maria Delgado
