Dear Mr. Keefer:

Your letter dated May 3, 1951, has been received and I appreciate the interest which prompted you to write as you did.

I must advise, however, in answer to the questions you propounded concerning the individuals and organizations mentioned in your communication, a long-standing policy established for this Bureau holds our files confidential and available for official use only. No inference, of course, should be drawn that we do or do not have data concerning them in our files because of my inability to be of aid.

I am taking the liberty of enclosing some material which I thought you might like to have and your attention is directed particularly to the comments I made concerning the test of a front organization in my statement before the Committee on Un-American Activities, House of Representatives, on May 26, 1947.

It is suggested that whenever you come into possession of information which you believe to be of value to the FBI please feel free to contact our representatives in the Miami Office at 3915 Biscayne Boulevard, Miami 32, Florida.

Sincerely yours,

John Edgar Hoover
