I, Sara Northrup Hubbard, do hereby state that the things I have said about L. Ron Hubbard in courts and the public prints have been grossly exaggerated or entirely false.

I have not at any time believed otherwise than that L. Ron Hubbard was a fine and brilliant man.

I make this statement of my own free will for I have begun to realize that what I have done may have injured the science of dianetics, which in my studied opinion may be the only hope of sanity in future generations.

I was under enormous stress and my advisers insisted it was necessary for me to carry through an action as I have done.

There is no other reason for this statement than my own wish to make atonement for the damage I may have done. In the future I wish to lead a quiet and orderly existence with my little girl far away from the enturbulating influences which have ruined my marriage.
